

Ordinary Objects
Made interactive

Our Vision

Mengubah hubungan manusia dan ruang dengan menciptakan lingkungan yang terpadu, cerdas, dan interaktif melalui teknologi NFC dan QR terdepan.

To revolutionize the way people connect with spaces by creating integrated, intelligent, and interactive environments through cutting-edge NFC and QR technologies.

And Mission

Modulab Interactive menghadirkan instalasi NFC dan QR yang cerdas dan intuitif untuk menghubungkan ruang fisik dengan experience digital. Kami bekerja sama dengan museum, ritel, penyelengara event, kafe, dan restoran untuk membangun touchpoint interaktif yang melibatkan pengunjung, mempermudah akses informasi, dan menghidupkan suasana melalui teknologi seamless.

Modulab Interactive delivers smart, intuitive NFC and QR installations that connect physical spaces to digital experiences. We collaborate with museums, retailers, event organizers, cafes, and restaurants to build interactive touchpoints that engage visitors, streamline access to information, and bring environments to life through seamless technology.

Our Services

NFC and QR Installations

We design and deploy NFC and QR-based systems that turn physical spaces into interactive digital experiences.

Smart Touchpoints

Custom NFC and QR modules that link users to menus, media, forms, or apps, instantly and effortlessly.

User-Centric Experiences

Tap or scan, no apps needed. Just fast, intuitive interaction from any smartphone.

Versatile Use Cases

Ideal for museums, retail, events, and restaurants, enhancing storytelling, service, and customer engagement.

Industries We Serve

We bring digital interactivity to real-world spaces by integrating smart NFC and QR technology across key customer-facing industries—transforming everyday environments into engaging, connected experiences that enhance how people interact with brands, services, and content.

Museums and Galleries

Enhance exhibits with NFC/QR-triggered content, guided tours, and visitor engagement.

Retail and Showrooms

Add smart product tags for instant info, reviews, or promotions, right at the shelf.

Events and Activations

Power check-ins, scavenger hunts, brand interactions, and live engagement through tap or scan.

Cafes And Restaurants

Streamline menus, ordering, and feedback with touch-free access to digital experiences.

How We Add Value

Interactive Experiences

Transform **static environments** into **engaging**, two-way experiences. Turn passive audiences into active participants with touchpoints that respond.

Frictionless

Tap or scan. No apps, no logins, no barriers. Visitors get instant access to your digital content with just their smartphone.

Custom

Every NFC tag or QR code is **custom-designed to fit your visual identity**, keeping the experience cohesive, polished, and on-brand.

Flexible

Whether you're a museum, café, retailer, or event organizer, our **solutions adapt to your unique space**, audience, and goals.

Insights

Track scans and taps in real time. Use the data to understand visitor behavior, improve content, and measure engagement.

Assured

We handle everything, from setup to troubleshooting, so you can focus on your customers while we keep things running smoothly.

Traffic

Seamlessly link to your Instagram, TikTok, YouTube, or website to **grow your audience** and drive real-world interactions to your digital platforms.
